MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: USARPAC FY11 Memorial Day and Summer Safety Message

1. This Memorial Day, we will pay honor and tribute to all of the men and women who gave their lives defending our nation and the values we cherish. I need your support in making this holiday truly a time to reflect and remember those who made the ultimate sacrifice, while also ensuring that we do not lose a single Soldier, Family member, or Civilian employee to a preventable accident.
2. Memorial Day also places us at the start of the summer season and the Army's 2011 Safe Summer Campaign. Since the USARPAC theater includes some of the most diverse and pristine environments in the world, our personnel will surely take advantage of the summer season to participate in recreational and sporting activities. Therefore, commanders must ensure that our personnel are aware of, and prepared for, the increased risks associated with the season. I encourage all of you to check out the Army's Safe Summer Campaign and the other safety resources available on the USARPAC Safety website at: <http://www.usarpac.army.mil/safety/>.
3. Remember, it takes proactive leadership, discipline, and teamwork to ensure everyone in USARPAC stays safe this summer. We all need to do our part to reduce preventable accidents, but I expect all leaders to take the extra steps necessary to make this summer the safest on record.
4. Have a safe and enjoyable holiday!

ONE TEAM!
