Capability Name

100 char limit

Technical Readiness Level

Dropdown 1-9

Estimated Readiness By

Dropdown FY24-30

Capability Description

600 char limit

Short statement answering the questions, What is it called? What will it do? Are there any competing technologies or capabilities (e.g., compared to what is currently fielded)?

Potential Use Case

600 char limit

Deriving the Hypothesis. E.g., we will sink ships via xx capability within related mission threads.

Echelon of Employment

100 char limit

What level of command is the capability intended to satisfy?

Government Partners

280 char limit

Who is submitting the proposal? Who is the (proposed) Primary experimenting org/unit? Are there any additional experimental units? Is there a proposed technical integrator? Who is expected to lead the experimentation? Please also include any PEO/PM transition partners.

Funding

280 char limit

Is there funding already aligned to the effort? Is cost sharing within another org proposed? What are the expected costs of experimenting with this new technology?

DEVCOM Vetting

100 char limit

Existing Requirement

100 char limit
